

# DHRUV ASHISH SONI

8483991243 | [sonidhruv557@gmail.com](mailto:sonidhruv557@gmail.com) | [LinkedIn](#) | [Portfolio](#)

## EDUCATION

**Nagindas Khandwala College, Mumbai University**

*Bachelor of Science in Computer Science (B.Sc CS) — CGPA: 9.1/10*

Mumbai, India

2022 – 2025

**Lords Universal College**

*Higher Secondary Education (12th) — 52%*

Mumbai, India

2020 – 2022

## EXPERIENCE

**Nexus IT World**

*Full Stack Developer Intern*

Aug 2024 – Dec 2024

*Remote*

- Completed a 4-month internship contributing to multiple full-stack development projects.
- Worked on both frontend and backend using **React.js**, **Node.js**, **Express.js**, **MongoDB**.
- Implemented secure authentication using **JWT (JSON Web Tokens)**.
- Improved application performance and integrated RESTful APIs for dynamic data handling.
- Gained hands-on experience with scalable backend architecture and secure data flow.
- Built reusable components and optimized workflows for faster development cycles.

## PROJECTS

**EventEase** | *React.js, Node.js, Express, MongoDB* | [Live Demo](#)

2025

- Developed a full event-service booking platform for halls, catering, decoration, and entertainment.
- Implemented role-based authentication using **JWT** for customers and service providers.
- Service providers can upload images, manage pricing, and update service details.
- Integrated **Cloudinary** for image storage and optimized backend APIs.
- Designed responsive UI with real-time service search and filtering.

**WeatherInfo App** | *JavaScript, HTML5, CSS, Weather API* | [Live Demo](#)

2025

- Built a real-time weather application using public weather APIs.
- Displays current weather, humidity, wind speed, and conditions for any city.
- Includes automatic **5-day weather forecast** with detailed insights.
- Integrated map view for better geographical visualization.

## TECHNICAL SKILLS

**Languages:** JavaScript, Python

**Frameworks & Libraries:** React, Next.js, Express.js

**Authentication:** JWT (JSON Web Token)

**Developer Tools:** Git, VS Code, Postman, Docker

**Databases:** MongoDB
